

## StaySafe

# Lone worker Protection Services

The most cost-effective, reliable, Modern day lone worker Solutions for **YOU** and **YOUR** employer

Tens of thousands of lone workers are abused, attacked or victims of accidents in the UK every year. SPS lone worker solutions offer invaluable protection and reassurance when it's needed most.

With over 20 years' experience and commitment to people protection, we have evolved a range of products and systems to suit your requirements. Our accredited ARC responds to any incident causing concern to an individual, either covertly reported using our personal panic alarm systems, or via a missed check-call.

### Clients

Our clients cover a range of sizes and sectors, including large PLC's, local councils, and housing associations.

### Ideal for Customer with:

- Field based employees (service engineers, sales staff)
- Employees working in the community (traffic wardens, probation officers, taxi drivers)
- Employees conducting home visits (health workers, social workers, domestic engineers, estate agents)
- Employees working outside normal hours or only person on premises. (security workers, night shift workers)
- Available on all Android, Apple Smartphone Blackberry drives

### SPS StaysSafe has many applications across a variety of sectors
